Mattress Safe® Mattress and Box Spring Encasements are Your First Line of Defense for Protection Against Bed Bug Infestations:

- **OUR PATENTED “ZIPPER WITH THE HOOK”®** - Certifies the tight closure of the zipper sealing the encasements against bed bugs and their instars
- **LOOP & ZIP-TIE** - Sewn in to ensure tamper-proof encasements
- **PREVENTS INITIAL INFESTATION IN MATTRESS & BOX SPRING** - Provides early detection and prevents callbacks and retreats
- **BITE PROOF PROTECTION** - Bed bugs cannot penetrate through our laminated fabric giving peace of mind to your customers

Maximize Your Bed Bug Treatment Program by Including Mattress Safe® Encasements in the Treatment Cost of Your Service

- Reduce Customer Callbacks and Re-Treats
- Ensure the Integrity of Your Bed Bug Treatment Program
- Trap Any Missed Bed Bugs and Prevents Spreading
- Facilitate an Efficient and Thorough Inspection
- Prevent Re-Infestation of Mattress and Box Spring
- Provide Increased Public Health Opportunities

Featuring Our Patented Bed Bug Certified
“Zipper with the Hook”®

(U.S. Patent No. 7,849,543)

Our concealed zipper creates a premium clean design.

When you purchase from **Mattress Safe®**
you are helping to give orphan, abused, or at-risk individual a safe and sanitary place to sleep.

Through the REST Initiative, Mattress Safe® furnishes mattress encasements to orphanages, shelters, and group homes providing for a safe and sanitary place to rest and recover. Through this effort, we transform mattresses that are unsanitary, worn, and full of allergens, into beds that are clean and protected. This enables those who are destitute and vulnerable to continue getting the help and care they need while enjoying a better night's sleep. Our goal is to support those organizations who are the “boot on the ground” doing what they do best, helping others through their programs or providing care for a child.
