

# Upgrade your herbicide at no additional cost. Pay for Milestone, Get NXT.

## Milestone™ NXT

Rinskor™ active

**HERBICIDE**

Take advantage of a limited-time opportunity to purchase Milestone™ NXT herbicide with Rinskor™ active at Milestone™ pricing.

Milestone™ NXT for the industrial vegetation management professional delivers highly selective control of invasive broadleaf weed species along with lower use rates and tank-mix flexibility.

Milestone NXT offer a wider weed spectrum—including common waterhemp, poison hemlock, wild parsnip, wild chervil, wild caraway, and cleavers—plus a dry, convenient formulation that's easier to handle and apply.

Payment for this offer will be issued as a rebate and reconciled at program year-end.

*This offer runs from November 1, 2025 to July 31, 2026. All Milestone NXT purchases will be invoiced at 2026 Milestone pricing.*
